Psalms

“The true key to the interpretation of these Psalms is to be found in David’s comprehension of the theocratic nature of the government of Israel. The earthly was known to be only the viceregent of the heavenly King. The glory of the royal office was to be exercised perpetually and everlastingly by Jehovah himself, and only temporarily by the one who from time to time might sit in God’s place on the throne. Thus, in the conceptions and language of David, the two were mingled perpetually, and his thoughts and utterances passed instantaneously from the earthly monarch to the true King of kings. Hence much of his language became prophetic, and led Israel onward to the idea of the Messiah as King of Israel.” - James Boyce
